SW Industry 15+ years

MOST RECENT EXPERIENCE

Sr. Engineering Manager and Group Lead at Pleo

I'm currently leading a group of platform teams, improving developer experience, efficiency and productivity of our internal product teams.

I'm responsible for that my group as a unit and the individual teams build and deliver the correct capabilities in a cost effective and timely manner.

The position includes directly managing a mix of Senior and Staff Engineers as well as Engineering Managers.

TECHNICAL EXPERIENCE SUMMARY

Note: This is just a selection, not a full listing, and skill levels vary.

Languages

Scala, Java, NodeJS, TypeScript, Python, C# and HTML.

Operating systems

Windows, Mac and Linux.

Databases

DynamoDB, Oracle, MS SQL Server and PostgreSQL.

Other

Amazon Web Services (AWS), Microservices and Docker.
